2. Letter No. 2266—186, dated 5th September 1919, from the Director of Industries and Commerce, requesting that all indents for spare copies of all notices calling for tenders may be directed to be complied with.

3. Letter No. 4811, dated the 1st November 1919, from the Chief Engineer, requesting that indents may be permitted to be sent when a minimum of 25 spares are required in the case of notices calling for tenders for the execution of works, and also suggesting that abstract notices might be permitted to be printed in all such cases in two subsequent issues of the Gazette as the Compiler refuses to publish them in spite of Government Order No. 16999-17008—G. F. 38-98, dated 20th June 1901 in this behalf.

*Order No. G.* 14330-95—*P. & S.* 5-19-9, *dated the* 23*rd December* 1919.

Government direct that the restriction laid down in the Government order of the 26th March 1919, should not apply to cases of spare copies of notices calling for tenders under the rules for purchases of stores or for tenders for the execution of works. Officers indenting for such spare copies should however see that only the required number of spare copies are indented for and that indents are avoided when only a few copies of the notices are required and they can be made available by the use of carbon sheets simultaneously with the preparation of the "Copy" for the Gazette.

2. The procedure prescribed in the Government order of 20th June 1901 referred to above in regard to the publication of abstract notices should be followed by the Compiler *Mysore Gazette.*

Sir,

With reference to your letter No. 1104, dated 24—28th May 1938, in regard to the printing and supply of spare copies of notifications, etc., published in the Gazette, I am directed to state that existing rules regulating the supply of spare copies may be duly enforced as suggested by you.
